

Corporate Objectives 2018/19

- **Quality** – We will improve quality within all providers to ensure services are safe, efficient and effective
- **Transformation** - We will create the environment to enable the commissioning and delivery of high quality services to reduce health inequalities and improve health outcomes and resilient communities.
- **Commission sustainable services** – We will ensure the development of seamless transition between providers, where patients need the support or intervention of primary care, community care, secondary care, social services or the voluntary sector, within resources available, ensuring high quality provision and best value for money
- **Engagement** –We will engage patients, public, members and partner organisations to ensure that services are delivered at the right time, in the right place and to the highest quality
- **Workforce and Culture** - We will develop and support a motivated workforce equipped with the required capabilities, culture and competencies to meet the evolving needs of Primary Care and the progression towards a strategic commissioning function.
- **Accountability** – We will be truly accountable to our population and have appropriate arrangements in place to discharge our functions effectively, efficiently and economically, and in accordance with the statutory framework and best practice principles of good governance and transparency.
